

# COVID-19 Policy Announcement

Dear Friends,

Please understand that as we continue to closely watch updates and information regarding the COVID-19 and containment recommendations for our area, Virginia and the United States our community is our priority. We will continue to support the prevention of the COVID-19 virus by following federal and state health mandates and suggested to protect the health and well-being of our community and Three Monkeys family. It is up to you as well to help us do that. Social Distancing is important so help us help you by keeping your distance when you can. We understand being cooped up sucks and we want to help you keep your sanity so we are going to be of service to you and help you get through this. Help us ALL get through this!

Please remember that if you are not feeling well and/or think you have been exposed to someone with COVID-19 or an associate, respect the wellbeing of others as well as yourself and stay home. Please take care of yourselves and your loved ones.
